PSAs must be at least 15 seconds, and closed-captioned. Crawls must run during programming for no fewer than 60 consecutive seconds across the bottom or top of the viewing area (See rules for additional details).

Comments (add additional sheets where necessary):

KITV and satellite stations KHVO & KMAU have been airing DTV Transition-Related PSA's since November 2007. PSA's are supplied by the NAB, and run 15 and 30-seconds in length. They include important information to educate consumers about DTV Transition. We run many more PSA's than the rules now suggest as a minimum. DTV Transition-Related crawls began on March 31, 2008 on KITV/KHVO/KMAU. Here's the text:

On February 17, 2009, full-power analog broadcasting will end, and analog-only televisions may lose the signal being viewed unless the viewer takes action, such as obtaining a converter box. Analog-only TVs should continue to work as before with cable and satellite TV services, gaming consoles, VCR's, DVD players and similar products. Viewers may get more information by going to [www.kitv.com](http://www.kitv.com) and clicking on Countdown to Digital and/or may get information on the converter box program by calling 1-888-DTV-2009. Viewers on Kauai may get information specific to them at [LPTVAnswers.com](http://LPTVAnswers.com).

Beginning 3pm on 10/14/08, our DTV transition crawls were revised to reflect Hawaii's 1/15/09 early transition date.

### 30 Minute Educational Programs – Last Quarter

How many 30 minute, DTV-related informational programs did your station run during the quarter? At least one such program must be run between the hours of 8:00 a.m. and 11:35 p.m., prior to February 17, 2009.

Comments (add additional sheets where necessary):

KITV/KHVO/KMAU will run one 30-minute informational program, as supplied by NAB, each quarter. Program will be scheduled between 8am-11:35pm. The first of these programs aired June 28, 2008 from 2-2:30pm. The second aired August 23, 2008 from 1-1:30pm. The third aired 11/9/08 from 9-9:30am.

In addition, KITV aired a locally-produced special called "Hawaii's Digital Transition" on 12/11/08 from 6:30-7pm, and again on 12/25/08 from 5:30-6pm. KITV's Chief Engineer, Rodney Shimabukuro, was a featured panelist.

### 100-Day Countdown Eligible Pieces – Last Quarter

Beginning on November 10, 2008, all stations participating in Option Two will engage in special 100-Day "Countdown to DTV" activities. Stations must execute a minimum of one "Countdown to DTV" on-air activity per day during the 100 days leading up to February 17, 2009. Comments (add additional sheets where necessary):

KITV and satellite stations KHVO and KMAU began airing "Countdown to DTV" on March 31, 2008, running concurrent with our ticker. The Countdown visually reminds viewers that there are "X" number of days until the transition date and instructs viewers to call a toll-free number and/or visit a website for details. Beginning 100 days prior to 1/15/09, we began airing an additional crawl specific to the 100 days information only.

Because KITV/KHVO/KMAU transitions one month earlier on January 15, 2009, a 90-second spot was produced to inform our viewers. This "DTV Early Transition" spot began on December 15, 2008 and will run four times a day with one spot each day in prime time.

**Section C (For Noncommercial broadcasters only)**

On its analog channel, and its primary digital stream, a station must air 60 seconds per day of on-air consumer education, in variable timeslots, including at least 7.5 minutes per month between 6 pm and 12 am. Beginning May 1, 2008, this requirement doubles, and beginning November 1, 2008, it increases again, to 180 seconds per day and 22.5 minutes per month between 6 pm and midnight. It must also run one 30 minute transition education piece once (See rules for additional details).

Have you aired a sufficient amount of consumer education (60, 120, or 180 seconds per day, depending on the date) during each day this quarter?

Yes     No
